

Knight Hawk Coal Gives Back

Knight Hawk Coal is a family-owned coal mining company in Percy, Illinois. The Knight Hawk family knows the importance of giving back for a strong, healthy community. From day one, the president, Steve Carter, instilled a sense of philanthropy into his family and employees. He urged them to give back to the community where they live and work. Their staff holiday parties turned from a traditional office celebration into giving parties where they buy toys and bring them to children in their community.

Helping at-risk children has been one of Knight Hawk Coal's passions, and they have generously supported United 4 Children for 4 years. In 2017 they became a Premier sponsor of United 4 Children's events. Thank you Knight Hawk Coal for your commitment to making children a priority in 2017!
